

Raccordi accessori Sprint® Serie S2000

Attacchi: G1/8, G1/4, G3/8, G1/2
R1/8, R1/4, R3/8, R1/2

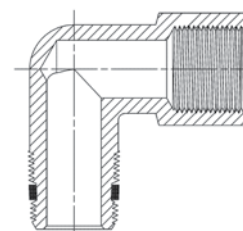

I raccordi accessori Sprint® sono disponibili in 14 diversi modelli e riguardano esclusivamente i filetti conici. Il particolare sistema di tenuta, già alloggiato sul filetto conico, rende superfluo l'uso di collanti liquidi o del nastro PTFE evitando all'operatore perdite di tempo in fase di montaggio.

Grazie a questo sistema di tenuta è possibile montare e smontare più volte il raccordo senza pregiudicare la tenuta sul filetto, garantendone allo stesso tempo l'estrema pulizia.

CARATTERISTICHE GENERALI

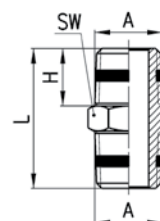

Materiale	OT nichelato e PTFE
Filettature	GAS conico ISO 7 (BSPT) GAS cilindrico ISO 228 (BSP)
Pressione	40 bar
Fluido	Aria compressa ed altri fluidi a bassa pressione.
Temperatura	-40°C + 120°C
